

I would like to introduce our agency in the Edmonton, AB area. We are providing a home to kids/youth that need a safe place. We have provided some information below about our vision and mission. We look forward to supporting and providing a safe and supportive home for your clients.

**Statement of Principles:**

Sphinx Healing Services Inc. embodies passion and commitment to the wellbeing of youth. We believe in the worth of every youth and with the right support, resources and a nurturing environment, youth are able to transcend trauma, thrive to become well adjusted and fully functioning members of the community and contribute positively to the society and the world at large. To this end, we are committed to providing safe, secure and supportive residential care to enhance the physical, mental, emotional, intellectual and spiritual capacity of children in our care - through positive, nature-setting and culturally-inspired experiences that our home provides. We strive to enhance:

- Healthy Attachment.
- Holistic Sense of Identity.
- Mental, emotional, intellectual, physical and spiritual growth.
- Development to optimum potential.
- Cultural competence and inspired programs.

**Vision Statement:**

Sphinx Healing Services Inc.'s vision is to inspire positive experience and enhance individual development in attaining optimum potential. We work with youth in their journey to transcend trauma through culturally and trauma-informed approaches to creating a safe, healthy, family-like, tranquil and therapeutic home-based environment as close to community support and resources as possible.

**Mission Statement:**

*"Sphinx Healing Services Inc. is to provide the best service and bring actual change to children and youth in life by teaching them how to be beneficial to the community."*

**Programing:**

- Cultural programing
- Community outings
- Recreational programing
- Support in schooling
- Life skills development

To speak more about how we can support your youth please speak with Stephanie Bush (Director)
